Angel Tree - GAR supports Christmas charity initiative – The Vines Apartments, Lewisville Texas

In December 2019 we teamed up with our US-partner Dayrise Residential to launch the Angel Tree charity project on the premises of The Vines Apartments in Lewisville.

The goal was to fulfill children and teenagers in need in the community a special Christmas wish. For this purpose, the children could write and submit their wishes on cards in the shape of an angel. The wishes were hung on a Christmas tree and the gifts were then bought and wrapped by the property staff.

The gifts were presented during a small Christmas party and the surprise was huge. Each child received a lovely gift and experienced a joyful moment. Children's eyes were shining everywhere.

The entire team was delighted about the success of this campaign.
